What started out as making mix tapes for girls, "My Lady," and just chillin' in the cut has developed into the making of possible chart-topping hits.

After the first feel of fame Mississippi's Hott New Boy Band - CB3 has performed at numerous amounts of balls, dances, step shows, and many of their own musical productions.

Now released on Not Only Street Records! "One of the most comprehensive, unique upcoming artist I have discovered lately without a doubt!" quotes NOSR CEO dB Heard

"Everything" a smooth, stylish and contemporary R&B album produced by Corey Bailey which produces Southern melodies and penning urban tunes with entricate wording and feel.

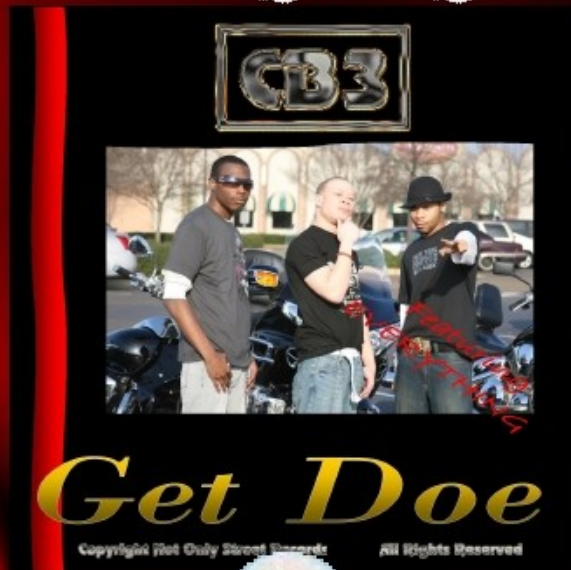

**"Lets Roll",
"Bring It To The Flo",
"What We Have", and
